

Nicotine, Missions Of Rising Sun

Just like a power generator
My spirit burns so hot
Ignition swith is on,
I prepare to fight
The value is rising high,
Adrenalin in blood
Kiss the picture,
Pray and say goodbye
Just for the peace and
For the justice
We gotta fight
Against the evil
Let's stand together
And we shall be free

"You should know that
we never ever surrender"
That is our slogan
We don't give up
I believe we can find
The last survivor
Cuz we are the mission
Of rising sun
