

# Nicotine, No Way

No way!  
Blood in my hands  
Confused in my head  
That was a nightmare  
I got a shitty pain  
I was caught in a rain  
I was in my bed  
It was out of control  
Of my body

I think I have a disease  
An illusion is now in my eyes

No way!  
Blood in my vein  
Made me lose my head  
That was a nightmare  
I got a shitty pain  
Deep in my brain  
I was in your bed  
It was out of control  
Of my body

I think I have a disease  
An illusion is now in my eyes

My body was stolen  
By the unknown strangers  
I just wanna hold on  
I just wanna hold myself
