

Nicotine, Song About A Green Age

OK my girl! I'm gonna drive my car to see you there
Don't go so far! It's not so easy for me to find you
Every single stuff on the earth
Looks so happy yeah really happy
Never felt like this in the past but I can feel this happiness
I don't wanna see you cry let me show your smile and goodbye
I really want to stay with you till the end of fuckin' my life
All the time I think of you I never change my mind
All right? All right? All right
Long time, no see I wanna drop my duty on the floor
Go like surfer! The only peace is in my bedroom
Every single stuff on the earth
Look so happy yeah really happy
Never felt like this in the past but I can feel this happiness
I have to stop the drug for you let me show the way of my life
I really want to stay with you till the end of fuckin' my life
All the time I think of you I never change my mind
All right? All right? All right
