

Nields, Innertube

I remember much
Walking down to the lake at dusk
You dare me, I dare you
Hanging down from a rope

Chorus
Innertube
Innertube
Innertube
Innertube

You climb the tree
Swing the rope back to the shore to me
You push me, I push you
Swinging out over the dark water

Chorus

And we're wet and on the grass
End of summer coming fast
Wonder if the rope will hold us two

Chorus

We get back too late
Standing awkwardly at my gate
You hug me, I hug you
We say goodbye to innertube

Chorus
