Dam dadi doo dam dam didoodi dam (4)  
When the morning come come  
I'm dancing like you're dumb dumb  
And when the groove is high  
when dummies jump to sky  
if you feel the groove groove  
the dummies have to move move  
can you feel the beat the beat the beat  
You never tell me what is wrong  
'cause now it's time to be alone  
let me love you everyday  
so long you let the dummies play  
dance to the beat dance dance to the beat (2)  
Dam dadi doo dam dam didoodidam (4)  
Dance dance to the beat  
They tell me let's come home home  
The party going on on  
We only have to dance  
Do dummies fall the trance  
If you feel the groove groove  
The dummies have to move move  
Can you feel the beat the beat the beat  
You never tell me what is wrong  
'cause now it's time to be alone  
Let me love you everyday  
So long you let the dummies play  
Dance to the beat dance dance to the beat (2)
