

# Nightcore, Don't Say Goodbye

Don't say goodbye  
Dry the tears that we've cried  
Don't say goodbye  
You're my star wherever you are  
Don't say goodbye  
Dry the tears that we've cried  
Don't say goodbye  
You're my star wherever you are  
I'm just wasting my time  
I thought you were mine  
Now all I try to find is you  
What should I do  
I'm all that I thought  
I trust in you  
I'm just hanging around  
It seems that I'm drowning in the memories of you  
Tell me what to do  
I want you to know I'm here  
I still believe  
Just save me from tears (3)  
Don't say goodbye  
Dry the tears that we've cried  
Don't say goodbye  
You're my star wherever you are  
Don't say goodbye (2)  
Dry the tears that we've cried  
Don't say goodbye  
You're my star wherever you are  
Don't say goodbye (2)
