

Nightcore, Don't Say Goodbye

Don't say goodbye
Dry the tears that we've cried
Don't say goodbye
You're my star wherever you are
Don't say goodbye
Dry the tears that we've cried
Don't say goodbye
You're my star wherever you are
I'm just wasting my time
I thought you were mine
Now all I try to find is you
What should I do
I'm all that I thought
I trust in you
I'm just hanging around
It seems that I'm drowning in the memories of you
Tell me what to do
I want you to know I'm here
I still believe
Just save me from tears (3)
Don't say goodbye
Dry the tears that we've cried
Don't say goodbye
You're my star wherever you are
Don't say goodbye (2)
Dry the tears that we've cried
Don't say goodbye
You're my star wherever you are
Don't say goodbye (2)
