Nightwish, 7 Days To The Wolves

The wolves, my love, will come Taking us home where dust once was a man

Is there Life before a Death?

Do we long too much and never let in?

Howl
7 days to the wolves
Where will we be when they come
7 days to the poison
And a place in heaven
Time drawing near as they come to take us

This is my church of choice Love's strength standeth in love's sacrifice

For the rest, I have to say to you I will dream like the God And suffer like all the dead children

Howl
7 days to the wolves
Where will we be when they come
7 days to the poison
And a place in heaven
Time drawing near as they come to take us

This is Where heroes And cowards Part ways

Light the fire, feast Chase the ghost, give in Take the road less traveled by Leave the city of fools Turn every poet loose
