

Nikki Cleary, Fish Out Of Water

I let down my gaurd
And let you see me
I showed you my heart
And now I'm sorry
Head first into you
I fell in too deep
Mighty much I could do
But watch you leave me

I've tried
But I can't
Yes I don't understand
The meaning of letting you go

Chorus

I'm a heart with no beat
Fading fast by the hour
Flailing in circles
A struggle to breathe
Butterfly with no wings
A fragile wilting flower
Baby without you
I'm a fish out of water

Thought you were the one
I was dreaming (dreaming)
What I thought was love
Just left me empty (empty)
No turning back time
No more pretending
No rainbow inside
No happy ending

Though I try
I'm confused
With a star without you
My world has been turned upside down

Chorus

I'm a heart with no beat
Fading fast by the hour
Flailing in circles
A struggle to breathe
Butterfly with no wings
A fragile wilting flower
Baby without you
I'm a fish out of water

I've surrendered to the unconscious
You are haze the that grips my mind
I opened the floor gates
Heard some slow motion
Baby I'm running out of time

And I've tried
(Uh-uh)

***Chorus*2x**

I'm a heart with no beat
Fading fast by the hour
Flailing in circles
A struggle to breathe
Butterfly with no wings
A fragile wilting flower

Baby without you
I'm a fish out of water
