

# Nikki Flores, I Wanna Know You Like That

Hey boy, when you look at me that way I can hardly breath  
I know your smile like the back of my hand  
Do you understand?  
Want you to be my man, boy.  
Ain't no other one for me  
Close enough to touch, but still so far away  
Probably never knew, I felt this way

I wanna be the first thing on your mind in the mornin'  
One who knows it's you when you're callin'  
Girls who dries your tears when they're fallin'  
I wanna know you like that  
I wanna be the one you run to when things get crazy  
The only girl that you call your baby  
One whose always got your back  
I wanna know you like that

I've been waiting for so long and  
What I feelin' is so strong  
Don't leave me here on the edge of my dream  
Will you be there for me?  
Baby make me believe you're the one for me  
Tried to show you how I feel  
But the words got in the way  
Still i gotta let you know what I'm tryin' to say

I wanna be the first thing on your mind in the mornin'  
One who knows it's you when you're callin'  
Girls who dries your tears when they're fallin'  
I wanna know you like that  
I wanna be the one you run to when things get crazy  
The only girl that you call your baby  
One whose always got your back  
I wanna know you like that

I'll hold it down when times get rough  
I'll teach you all about my love  
Cause half your heart just ain't enough to make me happy  
Tell me bout your deepest dreams  
Your hopes and fears and everything  
Cause that's the way that it should be  
Baby you and me

I wanna be the first thing on your mind in the mornin'  
One who knows it's you when you're callin'  
Girls who dries your tears when they're fallin'  
I wanna know you like that  
I wanna be the one you run to when things get crazy  
The only girl that you call your baby  
One whose always got your back  
I wanna know you like that

I wanna be the first thing on your mind in the mornin'  
One who knows it's you when you're callin'  
Girls who dries your tears when they're fallin'  
I wanna know you like that

I wanna be the first thing on your mind
