

Nikki Hassman, Any Lucky Penny

Baby, look around
See that I'm nowhere to be found
You wanna feel me near
Then close your eyes and I'll appear

And dream over me with a tear
Anything it takes to wish me here
Oh, magic and sweet lullabies
Any lucky penny will do fine
Oh, wish me here

Your arms are open wide
Waiting for me to run inside
I'll meet you in the clouds
Please you, your power to bring heaven down

And dream over me with a tear
Anything it takes to wish me here
Oh, magic and sweet lullabies
Any lucky penny will do fine
Oh, wish me here

And when we're face to face
The world just fades away
So take me to the place
It's just you and I
Every single night

And dream over me with a tear
Anything it takes to wish me here
Oh, magic and sweet lullabies
Any lucky penny will do fine
Oh, yeah, yeah, yeah

Repeat chorus
