

Nikki Hassman, Fade

Can you see the world
Through a baby's eyes?
Like once upon a time
When it all looked so big and bright

Don't you let yourself forget
Don't you lose the love inside you

CHORUS 1

Stay alive in life, don't let yourself fade
Stay alive in life, don't turn and run away

Can you laugh and forget
That you ever cried?
Can you feel the wind
Like you felt it the very first time?

Don't you hide from your old life
Don't look past another sunrise

CHORUS 2

Stay alive in life, don't let yourself fade
Stay alive in life, don't turn and run away
Love too, love too much
And give your heart away
Dance till the morning comes
Until the music fades

BRIDGE

Oh, oh, oh....

REPEAT CHORUS 2X
