

Nikki Leonti, Til I See You Again

I don't want to let you go
I don't want to say goodbye
But the road has led us here to this divide
Nothing I can say or do
Can make it any other way
But the promise of forever knows no time or space
And out there in the somewhere I will pray
And speak your name every day to Heaven

CHORUS:

Now go shine like a star
Knowing our hearts can never really be apart
Fly as high as you can
And it won't be long
Till I see you again

Pain is part of love they say
And now I know what they mean
But I wouldn't trade this heartache for our memories
Or the time I held you close
I'm one of the lucky few
And my heart is so much larger now because of you
With every breath and every step I take
I'm closer to seeing you again

CHORUS

What is meant to be is such a mystery
And mysteries aren't meant to understand
The hardest part of love has got to be
Leaving it in bigger hands

CHORUS
