

# Nikki Webster, 24/7

Hey  
Come here next to me  
Come and talk to me  
You'll see  
I'm the girl in your dreams  
You  
Are all I'm lookin' for  
Let's walk down to the shore  
And play  
Just Enjoy a sunny day

BRIDGE  
I don't care where you wanna go  
I Will follow  
There's one thing that you ought to know

CHORUS  
'Cause I'm thinkin' about you baby, all the time  
I've gotta give in to what I feel inside  
24/7 you are on my mind  
I'm crazy 'bout your smile  
Don't know if you know, but you make me weak  
There's something about the way you look at me  
My body is shakin' and I can't break free  
I'm crazy about your smile

Oh, when I look at you  
There's nothing I can do  
Oh no,  
I just seem to lose control  
Hey, it's all there in your eyes  
You've got me hypnotized  
All right, I've gotta give it up this time
