

Nikki Webster, Boy Inside My Heart

VERSE 1:

I heard my teacher say
Its time to concentrate
At the numbers here in my book
But all I think about
Would like to shout it out
That your the boy inside of my heart
I wonder if some day
You will come to me and say
Some of those words i keep on hearing in my mind

CHORUS:

Still i wish upon a star
And i wonder where you are
In my dreams you're here beside me
Never far
Thinking maybe, maybe not
But i think of you a lot
'Cause you are the boy inside my heart

VERSE 2:

Im writing down the words
Thats filling up my world
Your name is spinning 'round in my head
I wait outside the school
I guess that im a fool
But i just need to look in your eyes
I wonder if some day you will come up to me and say
Some of those words i keep on hearing in my mind

CHORUS

I close my eyes and give you a kiss
And 'cause you're the boy that lives inside my heart

CHORUS x 2
