

# Nina Gordon, Got Me Down

And this is the way it's going to be  
I gave him away and now I'm free  
But he was the life I was meant to lead  
There's nothing left of me  
But this is my melody  
And why must the night crawl by like this  
And why do we dwell on what we'll miss  
I've got to be careful what I wish  
My happiness was his but this is my goodbye kiss  
He got me down  
And now I'm only singing for my health  
Got me down and now I can't get up myself  
Got me down turn around and tell me when it's over  
And it's time for me to get up off the ground  
And there's nothing really left to say  
But this could not wait another day  
Cause' something confusing but okay has got me in its sway  
This is my getaway and though I try to hear you  
Now I think we've built a wall of sound between us  
And though you know I love you  
I think we've both just lost the will
