

Nina Gordon, Hold On To Me

we're the same and you don't even know it
we're afraid and we try not to show it
and you're tired and i am too
so there's only one thing you can do

you've got to hold me and tell me what you need
and don't be afraid of what you're feeling
when you know me then i'll never want to leave you
just hold on to me

when we're apart i still feel together
i still believe in a thing called forever
but we're drifting apart it's true
and it's breaking my heart in two

you've got to hold me and tell me what you need
and don't be afraid of what you're feeling
when you know me then i'll never want to leave you
just hold on to me hold on to me

we'll drive away where no one can find us
it's time to leave those dark days behind us
in my dreams it's always you
so there's only one thing we can do

you've got to hold me and tell me what you need
and don't be afraid of what you're feeling
when you know me then i'll never want to leave you
just hold on to me
just hold on to me

i still believe in a thing called forever [x3]
i still believe
