

Nina Hagen, Gods Of Aquarius

The Gods of Aquarius are coming with UFO's
They love me and they love you
And what they have to say is true
The good old communication with
Holy Spirits of God's creation
Is true but our church denies it
God, when will they realize it

Oh God, we need the big solution
We can't stand atomic pollution
Man, it would be such a shame
If we won't stop the devil's game

Telepathic communication leads to physical transformation
When at the end of night human race is filled with light

Love, love, never get enough
And if you don't love hey, hey, hey too tough

Voices, visions some go in trends
Holy Ghost talks to His fans
I really don't want no more fighting
What I want is automatic writing

Oh my God, the Heavenly Host
Sends us down His Holy Ghost
The Golden Age of Aquarius
The second coming of the glorious

Love, love, never get enough
And if you don't love hey, hey, hey too tough
