

# Nina Hagen, Smack Jack

He just needs a hot shot,  
He just needs a hot shot,  
You need a hot shot  
You need a hot shot  
You are always running out  
And you are always running short  
Nothing matters anymore  
All you want is go and score  
No one starts with two a day  
But they all seem to end that way  
Shoot it up Smack Jack  
Shoot it up Smack Jack  
That's a drag with a monkey on your back Smack Jack  
Shoot it up Smack Jack  
Shoot it up Smack Jack  
That's a short term solution  
He just needs a hot shot,  
You need a hot shot  
He just needs a hot shot,  
You need a hot shot  
You've never could have thought or guessed  
That things could get so far out of hand hahahaha  
I'm gonna see you coming down in a cold sweat running  
It's gonna be a different tune that you will soon be humming  
Shoot it up Smack Jack  
Shoot it up Smack Jack  
That's a drag with a monkey on your back Smack Jack  
Shoot it up Smack Jack  
Shoot it up Smack Jack  
That's a short term solution  
He just needs a hot shot,  
You need a hot shot  
He just needs a hot shot,  
you need a hot shot  
The devil has got his hooks on you  
You are racing his clock  
His plastic paradise won't last  
you've got a no future and no past  
Anyone can see your eyes  
excuse me hell is full of lies  
Shoot it up Smack Jack  
Shoot it up Smack Jack  
That's a drag with a monkey on your back Smack Jack  
Shoot it up Smack Jack  
Shoot it up Smack Jack  
That's a drag with a monkey on your back Smack Jack  
It's a drag  
Please, don't do it no more, don't do it no more, no more ...  
Junkies are sentimental,
