

Nina Nastasia, How Will You Love Me

How do I love you now
In the light, in the light, in the light
And in the evening, how
In the night, in the night, in the night
Love, if a dream is true
I will try, I will try, I will try
I love you - no, I do

One day we will die, our eyes on spring
We'll choose someone to love again
We'll say we waited all our lives to
Meet this one and start a family

And when we're warm again, will be time
Will be time, will be time
How will you love me then
Will you try, will you try, will you try
I want to keep us here
In the cold, in the cold, in the cold
I love you - no, I do

One day we'll die, our eyes on spring
We'll choose someone to love again
We'll say

"Hey, you waited all this time
To meet me now"

And start a family
