

# Nina Nastasia, Roadkill

I'm feeling myself against the ground  
Out on the highway waiting down  
Buffalo rumble in the wind  
Sometimes in the wind  
Sometimes...

Shame, shame on myself, can't take the heat  
I start to drink a shady tree  
And watch the hell lights coming down on me

Let yourself go  
I hear them say  
It's beautiful  
I'm not afraid  
This is "happy" ever after

Oh, my my security  
Is running in circles over me  
But i don't think i'll stick around  
This time

Let yourself go  
I hear them say  
It's beautiful  
I'm not afraid  
This is "happy" ever after

Let yourself go  
I hear them say  
It's beautiful  
I'm not afraid  
This is "happy" ever after
