

# Nina Nastasia, Too Much in Between

My friend said that she saw you last  
That you talked a while  
And it was good but sad  
And I can't believe how long its been  
I don't know what to do about it

Summertime  
We're all drinking beers  
We can't live without us  
We all work so hard  
And I can't believe how long its been  
I don't know what to do about it  
Too much in between  
There's too much in between

Now and then I think about  
How we get along without you  
Too much in between  
There's too much in between
