

Nina Nastasia, We Never Talked

We never talked
About the thing
We witnessed
What sadness came

Our conversations
Stayed safe
From year to year
Like a pact we'd made

We never talked
About that thing
We witnessed
What sadness came

In the car
You'd have brought it up
But i went on
About that job

All the love
I have left
You won't know
You won't know

All the fear
I have left
You won't know
You won't know
