Nina Simone, Everything Must Change

everything must change nothing stays the same everyone will change no one, no one stays the same the young become the old and mysteries do unfold for that's the way of time no one, and nothing goes unchanged there are not many things in life one can be sure of except rain comes from the clouds sun lights up the sky hummingbirds fly winter turns to spring a wounded heart will heal oh but never much too soon no one, and nothing goes unchanged The young become the old and mysteries do unfold for that's the way of time no one, and nothing stays unchanged there are not many things in life one can be sure of except rain comes from the clouds sun lights up the sky hummingbirds fly rain comes from the clouds sun lights up the sky hummingbirds fly rain comes from the clouds sun lights up the sky hummingbirds fly everything must change
