

# Nina Simone, Gin House Blues

stay away from me  
cause i'm in my sin  
stay away from me  
cause i'm in my sin  
if this joint is raided  
somebody get me my gin  
don't try me nobody  
cause you will never win  
don't try me nobody  
cause you will never win  
i'll fight the army and navy  
somebody give me my gin  
i don't want no clothes  
i don't want no bed  
i don't want no clothes yeah  
want no bed  
want no pork chops and greens  
just give me gin instead  
stay away from me  
cause i'm in my sin  
stay away from me yeah  
cause i'm in my sin  
joint is raided  
i don't care!  
give me my gin!  
i'm in my sin  
joint is raided  
lets go home  
so i can get me my gin
