[2x]

Oh oh

Oh oh

Oh oh

Oh oh oh

Temperature's Rising

My bodys screamin for you

Your eyes pulled me in my soul

Its trembling

As we move closer

Your innocent no longer

Temptations takin over

I wanna feel you inside of me

Let me take off your clothes

Tear up your bodys soul

Hold on and dont let go

I'm losin all control

I wanna hold you close

Capture your mind and soul

Indearing words we told

Im losin all control

I'm losin all control (all control)

[Chorus]

I wantcha body badly baby

Just the thought it makes me crazy

As you touch those fragile places

Ooh

Ohhh

Sittin here anticipatin

Got my body waitin

Wantin to exchange my love for yours

ooh

You make me scream harmonious melodies

our souls combine creatin

sense and needs

ohhh's

[Chorus (2x)]

I wantcha body badly baby

Just the thought it makes me crazy

As you touch those fragile places

Ooh

Ohhh's

Deeper than the ocean

And wider than any sea

You make me feel high like heaven

its more than a dream come true

To me your like the sun brightin my day

Happy ending of any stoy

[4x]

With an angles glow

You bring my soul

Joy, joy, joy, joy

[Chorus]

I wantcha body badly baby

Just the thought makes me crazy

As you touch those fragile places

Ooh

Ohhh

I wantcha body badly baby

Give me your body baby

I need your body baby

Ohhhh

I wantcha body badly baby

Just the thought it makes me crazy

As you touch those fragile places  
Ooh  
Ohhhh!
