

Nine Days, He Never Meant

(K. Edwards)

I know

I know dear.

I know

I know you never meant to hurt me.

I know you love me

even when you're mad

I know you love me

I know what you did to me

doesn't make you bad

I know you love me

I know you don't love her

It didn't mean anything ... you ... didn't mean to

hurt

me

I know.

I know you didn't mean to make me cry

You didn't mean to hurt me

You didn't let me die

I know

I know I'm nothing

without you I'm nothing

I know I need you

I know

I believe you...

I know you will come back

someday

I know

you never meant

to hurt me

you never meant..

you...

you didn't let me die...
