## Nine Days, I Love You (Cover of Climax Blues Ba

When I was younger man I hadn't a care Foolin' around, hitting the town, growing my hair You came along and stole my heart when you entered my life Ooh girl you got what it takes wanna make you my wife

Since then I never looked back It's almost like living a dream And ooh I love you

You came along from far away and found me here I was playin' around, feeling down, hittin' the beer You picked me up from off the floor and gave me a smile You said you're much too young, your life ain't begun, let's walk for awhile

And as my head was spinnin' 'round I gazed into your eyes Ooh I want you

Thank you girl for being a friend And shinin' your light in my life 'cause ooh I need you

As my head was comin' round I gazed into your eyes And thought ooh I want you

Thanks again for being my friend And straightenin' out my life 'cause ooh I need you

Since then I never looked back It's almost like livin' a dream Ooh I got you

If ever a man had it all It would have to be me And ooh I love you
