

# Nine Days, Swing It Solo

(K. Edwards)

Take this

Take everything

Take what I've never had

Take what I left behind

I'm startin' over

I'm leavin' you

for the last god damn time

'Cause I can dance with myself

a little sway of my hips

a little kick to the side

a little solo dip

I can swing by myself

I can swing without you

I can have my cherry pie

and I can eat it too

So give me

What you want to

give me

all that you took from me

'cause I've found somebody else

but

I can still swing it by myself

I said I swing, yeah

a swingity ding ity ding

I said I swing, yeah

a bee bop a boodly bing

Yeah but

you know that I'm mad

'cause I'm spinnin' all by myself

but I'm not all that bad

and you know

I've got nothin' else

to do with my time

So I think I swing on by....

(right past you)

I said I swing, yeah

a swingity ding ity ding

I said I swing, yeah

a bee bop a boodly bing
