

# Nine Days, Weekend Excursion

When I saw you for the first time  
I couldn't never dream of having you by my side  
But when I had you for the last time  
It hurted so much to realize what I was leaving behind

But I'm thinking of you  
I hope you're thinking about me  
I hope that at one day our couple will be  
But if we don't meet  
I'll remember the times that we've had together

Yes, I'm singing to you  
You set my heart free  
Traveling the distance between you and me  
Through all the tears  
I'll remember the times that we've had together

Well, I'm on my way to a better life  
So they say, so they know  
Into my future I leave friends far behind  
That's what's expected, so I'll go

But I'm thinking of you  
I hope you're thinking about me  
I hope that at one day our couple will be  
But if we don't meet  
I'll remember the times that we've had together

Yes, I'm singing to you  
You set my heart free  
Traveling the distance between you and me  
Through all the tears  
I'll remember the times that we've had together

Well, call me crazy for what I do tonight  
(Call me crazy)  
If I don't take my chances  
I won't know the feeling right  
'Cause the day we never knew was looking back  
I wish that I made true  
All the words I ever said to you...

I'm thinking of you  
I hope you're thinkin about me  
I hope that at one day our couple will be  
But if we don't meet,  
I'll remember the times that we've had together

Yes, I'm singing to you  
You set my heart free  
Traveling the distance between you and me  
Through all the tears  
I'll remember the times that we've had together

Yes, I'm thinking of you  
I hope you're thinkin about me  
I hope that at one day our couple will be  
But if we don't meet,  
I'll remember the times that we've had together

Yes, I'm singing to you  
You set my heart free  
Traveling the distance between you and me  
Through all the tears

I'll remember the times that we've had together

Together  
Together  
Together...
