

# Nine Inch Nails, Down In It (Shred)

Kinda like a cloud I was up way up in the sky and I was feeling some feelings you wouldn't believe  
Just then a tiny little dot caught my eye it was just about too small to see  
But I watched it way too long and that dot was pulling me down

I was up above it  
I was up above it  
Now I'm down in it  
I was up above it  
I was up above it  
Now I'm down in it

Well shut up so what what does it matter now  
I was swimming in the haze now I crawl on the ground  
And everything I never liked about you is kind of seeping into me  
Try to laugh about it now but isn't it funny how everything works out ("I guess the jokes on me")

I was up above it  
I was up above it  
Now I'm down in it  
I was up above it  
I was up above it  
Now I'm down in it

I used to be so big and strong  
I used to know my right from wrong  
I used to never be afraid  
I used to be somebody

I used to have something inside  
Now just this hole that's open wide  
I used to want it all  
I used to be somebody

I'll cross my heart and hope to die but the needle's already in my eye  
And all the world's weight is on my back and I don't even know why  
And what I used to think was me is just a fading memory  
I looked him right in the eye and said "goodbye";

I was up above it  
I was up above it  
Now I'm down in it  
I was up above it  
I was up above it  
Now I'm down in it
