

# NITA STRAUSS, The Golden Trail feat. Anders F

Radiation from days of past  
Taste of sulphur from the acid rain  
Lost the momentum  
Lost the rage  
Feel like six feet under but I am awake

When placed against the feeling  
Like days that never end  
Trembling in a vacuum  
But I can't forget so I call your name

I can see right through it all  
Yet I can't escape the sirens song  
Making sure they never will  
But who am I to tell right from wrong

It's safe to say that I can't tell  
"There's the moment" when all senses fail  
Head to wall, I rush right in  
Searching for the golden trail

Seconds pass and there's no way  
Doesn't seem the same at all  
For once I wanna feel something  
Been here before but then I fall

Is there light at the end at all?  
(If not) how will I know when I get too far?
