Wake up!
My demon is alive
My demon lives inside.. my pecker

□

Waking up with huge erection
Craving for some alleviation
Trying to regain control
Hopeless efforts, the demon's on!
The demon's on! The demon's on!

Wasted days on online porn
Wasted family, all is gone
V.D. body devastation
For a blink of facilitation
The demon's on! The demon's on!
The demon's on! The demon's on!

It's in my brain, it's in my body
Internal tense, need to unload it
So I start my self-gratification
So I start my self-extermination

Lost control of my behavior
All my actions have one purpose
Sexual contact initiation
In real life or (in) imagination
The demon's on! The demon's on!
The demon's on! The demon's on!

Have no time to socialize
Meeting people's a waste of time
All the night and all the day
My weakness is my demon's play
The demon's play. The demon's play.
The demon's play. The demon's play.

It's in my brain, it's in my body
Internal tense, need to unload it
So I start my self-gratification
So I start my self-extermination

My demon is alive
My demon lives inside.. my pecker
