A-A-A-A-A-A-A-A

Ever since you went away  
Been missing you everyday  
What I'd do just to see your face  
Should of held you and made you stay  
Now I really need somebody  
Just to call somebody  
But I know I cant go back in time and just make things change  
Been waitin on your call but ain't heard a word  
Wish I can go back to the way things were  
Bet you dont even know how much I miss you baby  
You can take this as a lesson learned  
Kinda like Usher gotta let that shit burn  
Breathe in, Breathe out.

I gotta let it go  
Even though I cant live without you  
Dont wanna lose control  
Even though I'm missin everything about ya  
And I'm trynna keep my composure  
But on the inside it's really killing me  
All I can do is just breathe in, breathe out.

I gotta let it go  
Even though I cant live without you  
Don't wanna lose control  
Even though I'm missin everything about ya  
And I'm trynna keep my composure  
But on the inside its really killing me  
All I can do is just breathe in.

Listen up girls I'ma let y'all know  
If you got a good man never let him go  
If you really love him betta let him know  
Never wait 'til he 'bout to walk out the door  
'cause once he leaves, leaves it ain't no runnin back to ya  
With the pride of a man he ain't comin back to ya  
You can wait on your call but you won't get a word  
But you want it to go back to the way they were  
Even Kodak couldn't fix this picture  
You can take this as a lesson learn  
Kinda like Usher gotta let that shit burn (burn)  
Breathe in, breathe out. (No doubt in my mind...)

I gotta let it go  
Even though I cant live without you  
Dont wanna lose control (breathe in, breathe out)  
Even though i'm missin everything about ya  
And im trynna keep my composure  
But on the inside it's really killing me  
All I can do is just breathe in, breathe out. (oh)

I gotta let it go  
Even though I cant live without you  
Don't wanna lose control (breathe in, breathe out)  
Even though im missin everything about ya  
And im trynna keep my composure  
But on the inside its really killing me  
All I can do is just breathe in, breathe out.

You and me used to be happy can't believe that you'd leave  
Won't you come back to me  
Now you're gone I'm alone at home I'm wishin you weren't gone  
Im so sorry baby  
You and me used to be happy can't believe that you'd leave  
Won't you come back to me  
You and me use to be happy  
Come back to me

NI-VE-AAAA  
Come back to me  
NI-VE-AAAA

Come back to me

I gotta let it go  
Even though I can't live without you  
Don't wanna lose control  
(hey ooh hoo) Even though im missin everything about ya  
And im trynna keep my composure  
But on the inside its really killing me  
All I can do is just breathe in, breathe out.

I gotta let it go  
Even though I can't live without you  
Don't wanna lose control (breathe in, breathe out)  
Even though im missin everything about ya  
And I'm trynna keep my composure (oh I'm tryna hey oh hey oh)  
But on the inside its really killing me  
All I can do is just... let you leave.
