

Nivea, Have Mercy

Baby (baby.. mmm)
What can I do to make you forgive me
For ever cheating on you
See I was a fool, I plead insanity
I throw myself at your mercy
So do what you will with me

Have mercy, mercy, mercy on me
For cheatin on you
I don't know what I was thinking
Cause nobody could do me like you

Have mercy, mercy, mercy on me
For cheatin on you
I don't know what I was thinking
Cause nobody could do me like you

Lover, do you hear me
I took your love for granted but now I see, I see
I should've never let him in, I just misunderstood

When I thought he'd give me what you already could

Have mercy, mercy, mercy on me
For cheatin on you
I don't know what I was thinking
Cause nobody could do me like you

Have mercy, mercy, mercy on me
For cheatin on you
I don't know what I was thinking
Cause nobody could do me like you

Yeah
Well-well-well-well
Alright...mmmmm-mmmm
Have mercy on me

Have mercy, mercy, mercy on me
For cheatin on you
I don't know what I was thinking
Cause nobody can do me like you
