

# Nkotb, Cover Girl

I get up in the morning and I see your face, girl  
You're looking so good, everything's in place  
Don't you know I could never leave your side girl  
Won't you stay here with me and be my bride?  
Don't you know you're my kind, you're just what I like  
Girl you're everything, don't you know you're alright  
The only girl I've always needed for so long

(Chorus: )

Oh, oh-oh, she's my cover girl  
Oh, oh-oh, oh, oh-oh  
Oh, oh-oh, she's my cover girl  
Oh, oh-oh, oh, oh-oh

When I look through the pages of a magazine  
Still, your pretty face is the prettiest I've seen  
Don't you know I only want to be with you  
No other girl could make me feel the way you do  
You're my everything

(Chorus twice )

It's alright  
Oh, yeah, it's out of sight  
Let me say it's alright  
Ah, yeah!

Don't you know I only want to be with you  
No other girl could make me feel the way you do  
You're my everything

(Chorus and fade)
