

# Nkotb, I Remember When

Days are gone but my love lives on in this space and time.  
I remember playing the games, funny nicknames, and all the sunny days,  
that shine so brightly.  
I keep remembering when we started together as friends.  
I keep remembering when we were together forever.

The promise we made still stays in my head like the melody.  
I remember favorite songs we heard all night long in the candlelight  
still shines so brightly.  
I keep...

I bet you didn't know how much I loved you.  
I bet you didn't know just how much I care.  
Little girl, whenever I'm around you, all in love is fair, girl.  
I keep...  
(repeat & fade)
