

# NLE Choppa, FAST X | Angel Pt. 1 - feat. Kodak

Angel don't fly so close to me  
I pull you down eventually  
You don't want to lose those wings  
People like me break beautiful things  
Angel don't fly so close to me  
I'm what you want, not what you need  
You don't want to lose those wings  
People like me break beautiful things

I give it all up to ease your pain yeah I would do that all day  
I stepped back from the game to keep you out of harm's way  
Risk it all for the game but it take more than one person  
Two people one til I feel the same when you hurting  
I was still in middle school when Givens fled the whip  
Bodies were dropping before we ever knew bout the truck  
We gonna be family no matter what way this go brother  
From the ugly corner where everybody betray each other  
I let you hang in the jets  
I let you bang with my set  
Put you before my own flesh  
Like why'd I ever do that  
Me and the streets got soul ties  
The devil on my shoulder he whisper but I told him

Angel don't fly so close to me  
I pull you down eventually  
You don't want to lose those wings  
People like me break beautiful things  
Angel don't fly so close to me  
I'm what you want, not what you need  
You don't want to lose those wings  
People like me break beautiful things

Generation curses of disloyalty  
We breaking that  
Lost my dog  
Got him back  
Took him in  
We shakin' back

Struggle never broke us  
It just made us who we is  
Losses taught a lot of lessons  
Made the wins feeling like blessings  
Family all that you got at the end  
Hope you get the message  
I ain't trying to make it without you  
But if I got to then I got you  
This aint about me it's about the whole cake  
We can take a slice on a different day  
Just keep your plate  
God, Family, Money, Goals  
Heart, Mind, Body, Soul  
Watching out for street signs on a narrow road  
Rainbows at the end  
I'm praying for a pot of gold and some angels

Don't you know (x4)  
I will never let you down  
No, I'll never be perfect  
Never want to see you hurting  
You should go (x2)  
Get away fast  
A hundred on the dash tonight

Wish it didn't have to be this way

Angel don't fly so close to me  
I pull you down eventually  
You don't want to lose those wings  
People like me break beautiful things  
Angel don't fly so close to me  
I'm what you want, not what you need  
You don't want to lose those wings  
People like me break beautiful things
