

# NLE Choppa, Hit The Scene

Yeah, yeah, huh, huh  
Yeah, yeah, huh, hahaha  
Yeah, yeah, huh, yeah

Gucci shoes on my feet, when I hit the scene, I'm drippin'  
We killin' everybody, bitch, I can't leave a witness  
Shootin' at that nigga mama, we gon' spare the children  
I just copped a brand new llama, shoot it 'til it's empty  
Pow, pow, on the scene, shoot the opps 'til they drop, drop  
24 shots hit his ass with a shot clock  
Couple blunts in rotation, bitch, this is a hotbox  
Ridin' round with hot Glocks, tryna pop a nigga top

Only want big dollars, no assist, can't take no dials (No dials)  
Know these bitches love me, they get wet just from my rocks (Wet, wet)  
Fuck me for my icy watch, lil' ho get off my top (Get off my top)  
Been killin' all these rappers, that's just one too many crimes, uh  
Slide in the space coupe, NASA, woah, ice on her neck Alaska, froze  
All in your girlfriend camera roll, feelin' too fly like Dasah, woah  
They wanna see me down (Down), lil' bitch I won't go down (I can't)  
Now I'm on the road out of town, they hate that I'm up right now  
Lil' groupie be callin' me dumb, go ape in the booth like I'm Kong  
Can't chase me a bitch, I want funds, that shit too bad for my lungs  
Ravioli my sauce, and Ralph, that's my hoodie, if they ain't got money they can't even book me  
My bitches be blowin' while eatin' that pussy, I just want the top, let the gang have your coochie

Clutchin' my tool, I'm ready to clash out, just like 2K, make a nigga lag out  
All of that talkin', you showin' your ass now, hittin' your pockets, I'm runnin' your stash now  
Scammin' and rappin', we want all the fatty, countin' up green, it's comin' like lettuce  
Big gas on the low, we pull up and sell it, my mouth on zip, you know that I'm jealous  
Steppin' to me, he must be on drugs, as soon as I see him, hit him with a slug  
Don't fuck with these hoes, I can't show no love, do dirt on my won with me and my glove  
Whoop a nigga ass, he was talkin' too tough, up the Glock, 50 round, I'ma leave a nigga stuck  
You know I'm untouchable, I can't be touched, try to rob me, better try your luck  
Glizzy got a beam and the bitch got a penis, hit him with the heat like he livin' in Phoenix  
I'm out of this world, I'm livin' on Venus, I pour up the 4s, I love to be leanin'  
Up the Glock on who? I'ma hit a nigga 4 times, Glock 23, leave a nigga with no mind  
Finessin' the city, I feel like I'm 2 Chainz, shoot him in the back, leave him with no spine  
How you gon' rob a robber? Burberry collar  
Hollow tips hit a nigga, make a nigga holler
