Two things I never seen, a nigga named Bigfoot and a ho I need (ho I need)

Keep the backdoor closed, gotta' lock it, throw away the key (throw away the key)

We can be a state away, U-turn if I ain't got my ski

2023, we got built-in switches on them gleez (woo)

Drac' hit, don't ask, we take shit

Like a blunt, we face shit (come on)

Nigga lay shit, keep yo' shoes tight

Know some niggas trip, they couldn't run right

You throw fits and we throw bullets out the stick, you a bitch, I'm a real nigga

He a mama's boy, jumped off the porch, know a nigga had to babysit him, on God

Knock weight off a nigga like a BBL

Slide all day like a CVL ('L)

Heart skip a beat like a CD player (player)

Fuck a classic bitch, I want a ratchet bitch, give me a city girl

I'm cappin', fuck, tell Dre I'm a shell, let a young nigga rock her world (come on)

Wrist glisten, chain glisten, like my manners trippin', uh

Memphis nigga, talk with a slur, she say my grammar different, uh

Police come get me, my name Benny, nigga, I wasn't in it, uh

Fuck the judge, nigga I'm illiterate, I be dodgin' the sentences

Pistol packin', never lackin', run up, get yo' issue (brtt)

Guns clappin', pussy grabbin', Donald Trump militia (I'm on it, brtt)

Pants saggin', mama naggin', like who raised a nigga?

My bitch like a Backwood (ayy), yo' ho like a swisher (on God)

Bitch, I'm a pistol packin', yeah, what's crackin'? Play, bet he go missin'

Fully auto ARP, equip the scope so I don't miss him

Ask the city 'bout me, nigga, they gon' tell you I been spinnin'

On the street who got more killa's? Know them pussies hate to feel me

Any way, I just made 50K, spent thirty on my dentist

Upped a twenty on my image, like 3k Wock' for my kidney

I was just broke 'den a bitch, now I have convo's about business

Real estate and gained a mistress, doubled up, ain't need a witness, uh

Think I'm a ho, come and show me

Been ballin', Ginóbili, no killa's, that's Hoovers and Rollin's

Wit' this choppa, I shoot like I'm Kobe

So if you don't know me, it's best to walk light if you trollin'

600 my hood, I control it

And if you ain't know it, just come to my block and I'll show it

No snakes in my grass 'cause I mowed it

Hell nah, I ain't goin', you kick that back door and I'm blowin'

Ayy, who you know really havin'?

This pistol on me, so I'm saggin'

My mama don't like it, I told her it's fashion

Niggas fake, so it's best that I have it

Topped the last bitch I hit, she was average

But my new bitch, I swear she the baddest

She know, then you know I'm from Dallas

The home of the Mavericks, so nigga, you know we--

Pistol packin', never lackin', run up, get yo' issue (brtt)

Guns clappin', pussy grabbin', Donald Trump militia (I'm on it, brtt)

Pants saggin', mama naggin', like who raised a nigga?

My bitch like a Backwood, yo' ho like a swisher (on God)
