We spin the Benz, we spin again, we do it real quick (Real quick)
I fuck it up and do the dash with a bad chick (Brrt, brrt)
I'm presidential with the glizzy and the Caddy (On God)
Ballin' every day, they like, "Choppa you a draft pick", yeah, yeah
Switchin' lanes we gon' tear it up, you better get your hustle up
The Hellcat is getting up
Fishtailing, kickin' dust
Push it to a limit, we ain't stoppin' 'til it's finished
Since that boy say it's beepin', we gon' paint the whole city

I tell 'em speed it up, we never calm down
Got some Rastafarian steppers we love to gun down
Bitch we gon' push the key to ignition, drive it 'til it gas out
Bullets stop a nigga on the dime, leave his back out, yeah, yeah, yeah

A hundred racks in the choppa and my Nike duffle

Middle fingers in the air 'cause we don't give a fuck

Grew up, I ain't have shit, show me where the cash is
If you see me out, then you know that's where the bag is
Had to make it out, I'm just roaring like a dragon
Everything on me designer, I love high fashion
Yeah, I'm in the hills counting pink blue bills (Let's go)
