

NLT, She Said I Said

1st verse

Don't know where to start, somethin' aint goin' right
Feel it in my soul cause I've tried ooh baby
Tried to keep you satisfied please don't cry
I just think we both need time

breakdown

I just feel that we are in the same room
But livin' two worlds apart
And it's causing too much pain

Chorus

She said, Baby can you please just stay?
It ain't too late to work this thing out.
I said, *Girl this ain't easy for me.
At least the truth is comin' out.
she said, Why can't we make up like the last time?
I'm just afraid to hear you say go.
I said, *Baby I'm sorry, I think it's time we let go.*

Bridge

baby don't leave, don't leave, don't leave
tell me you'll stay, and you'll stay and you'll stay.
I gotta leave, gotta leave, gotta leave
Girl I think it's time we let go.

2nd verse

See these tear drops fallin' from your eyes (from your eyes)
That don't change my mind (mind oh ooh baby woah)
Please don't make things more difficult then they gotta be
I can't take no more, This is killin' me

Every time I look at you
I see more reason for me to leave you
And it's causing me too much pain yeah
