

# No Address, When I'm Gone (Sadie)

Let's hop a train  
And stow away  
Down into Mexico

And on the way  
As music plays  
We'll let our beards grow tall

She don't like me singing songs  
She don't want to sing along

It's still the same  
She only likes me when I'm gone

I spilled my drink  
Across the bar  
Said, "Baby what's your name?"

Her boyfriend stood  
And smashed a bottle  
Over my head.
