

No Angels, 100% Emotional

Cien per cento emotional

I've been waiting - for this moment
So won't you come here
Close to me, next to me, baby

When you touch me - when you kiss me
Got me feeling
This ecstasy is destiny

You can get me in the zone
Thrill me to the bone
Get me so excited
So why don't we go
Where we've never been before
You can take me higher

You know you got me crazy for you
I think I'm going 100% emotional
Boy won't you take me to the extreme
You got me going all night
I feel sensual - 100% emotional

Temperature rising - there's no denying
I'm past the point of
No return, body burn, baby

My desire is on fire
I want to feel your
Love for me surrounding me

You can get me in the zone
Thrill me to the bone
Get me so excited
So why don't we go
Where we've never been before
You can take me higher

You know you got me crazy for you
I think I'm going 100% emotional
Boy won't you take me to the extreme
You got me going all night
I feel sensual - 100% emotional

Take me to the limit - 24/7
Take me past 10 - 100%

I go crazy when you touch me
Hold me
You can take me higher
