

# No Angels, Faith Can Move A Mountain

Faith Can Move A Mountain

Sitting here at the end of the road  
And I don't know what to do  
Singing all alone a sad song  
This is all I do as a rule

But I know there is something  
That leads me through the dark  
And I feel the hope is coming  
Is coming back again, coming back again  
Yes it's coming and I live again

CHORUS

You are the sun in the night  
You are my bright guiding light  
And if it's raining again  
You are by my side, by my side, oh oh

And if a mountain's too high  
And if a valley's too low  
You're giving me power and strength  
You are everything, faith can move a mountain  
Are you everything, faith can move a mountain  
Are you everything, everything

Digging down too deep losing my ground  
Feel a cold in my heart  
Running down the street running all the way  
Gotta make a new start

And I promise this time gonna be so true to myself  
Then I feel the hope is coming  
Is coming back again, coming back again  
Yes it's coming and I live again

CHORUS

You are the sun in the night  
You are my bright guiding light  
And if it's raining again  
You are by my side, by my side, oh oh

And if a mountain's too high  
And if a valley's too low  
You're giving me power and strength  
You are everything, faith can move a mountain  
Are you everything, faith can move a mountain  
Are you everything, everything, oh oh  
Are you everything, faith can move a mountain  
Are you everything, everything, oh oh

Faith can move a mountain  
Ah, faith can move a mountain

And if it's raining again  
You are by my side, by my side, oh oh

And if a mountain's too high  
And if a valley's too low  
You're giving me power and strength  
You are everything, faith can move a mountain  
Are you everything, faith can move a mountain  
Are you everything, everything  
Faith can move a mountain

Digging down too deep losing my ground  
Feel a cold in my heart  
Faith can move a mountain  
Running down the street running all the way  
Gotta make a new start  
Everything, everything, oh oh

Digging down too deep losing my ground  
Feel a cold in my heart  
Faith can move a mountain  
Running down the street running all the way  
Gotta make a new start  
Everything, everything
