

No Angels, Secret's out

Sandy:

If that aint your girl why shes over there?
tryn to get my attention, why would she care?
If that aint your girl, why shes stearin at me?
Like I`m doing something that shouldn't be

Nadja:

But what I Dont understand
You say your a singleman looking over your
shoulder all the time
But you wouldnt be nervus now
what you got to worry bout
what you got to hide

All:

Should have told me that you have a girl
How could you forget?
Did you think I Wouldnt notice
that you get away with it
they say that two's a company,
but Baby threes a crowd
should have told me that you had a girl
Cause now your secrets out

Lucy:

If that aint youre girl, than why she looks so sad
If she dont even know you, whouldnt that demand?
If that aint your girl, then tell me how come?
Youve got the same thing tatooted on ur arm..

Jessi:

But what I Dont understand
You say your a singleman looking over your
shoulder all the time
But you wouldnt be nervus now
what you got to worry bout
what you got to hide

All:

Should have told me that you have a girl
How could you forget?
Did you think I Wouldnt notice
that you get away with it
they say that two's a company,
but Baby threes a crowd
should have told me that you had a girl
Cause now your secrets out

Its out 2X

That you didnt think I find out

All:

Should have told me that you have a girl
How could you forget?
Did you think I Wouldnt notice
that you get away with it
they say that two's a company,
but Baby threes a crowd
should have told me that you had a girl
Cause now your secrets out
