

# No Assembly Required, Shove

shove, shove  
shove, shove

breathing in the fumes and feeling all the truth i feared  
in this vibe i cant word out or share with you  
my love

i shove, i hate, i'm breaking down from this  
pain, today, i hate feeling this way (this way)  
again (again), always (always), i shove you away  
from me, sorry (sorry), i'm giving up

you're wanting in a place where i'm not even in just yet  
all these feelings i'm creating for that day

i shove, i hate, i'm breaking down from this  
pain, today, i hate feeling this way (this way)  
again (again), always (always), i shove you away  
from me, sorry (sorry), i'm giving up

insane. i've changed  
dark seeds were planted

so sorry  
shove, shove, shove, i push you away  
from me, sorry, i'm giving up on me  
let go, i'm dead  
there's nothing here to love  
i'm gone, i'm gone  
life is meaningless

insane. i've changed  
dark seeds were planted

put down for death  
lose hold of me  
you know i'm dead  
like what you feel?
