

No Authority, Beautiful Girl

Oh yeah
Oh, oh, oh, oh
Sitting by the phone
Girl, I'm feeling so alone
How I wish I knew your name
When I saw your eyes
Girl, a touch of paradise
You have set my heart aflame

It's a shame
(It's a shame)
Cause the girl I love doesn't
Know I do, oh no
It's a shame
(It's a shame)
I'm too shy
To tell her my
Love is true, oh yeah

Beautiful girl
Please tell me who you are
I wish upon a star
I hope my destiny takes me to your heart
I'll give you everything
Your love is all I need
My beautiful girl

Dream a dream come true
I will only dream of you
Baby that is how I feel
Love can be so cruel
Oh, my friends say I'm a fool
Tell the world this is for real

Who am I
(Who am I)
To believe she even would
Talk to me
Oh, oh, oh
Who am I
(Who am I)
To believe in a love that might
Never be
Oh, oh

Beautiful girl
Please tell me who you are
I wish upon a star
I hope my destiny takes me to your heart
I'll give you everything
Your love is all I need
My beautiful girl

Does she think that I'm her type of a guy
I'm a dreamer
That I cannot deny
It's so hard
And I'm so shy
Beautiful girl
Beautiful girl

Beautiful girl
(Cause you're my beautiful girl)
Please tell me who you are

I wish upon a star
I hope my destiny takes me to your heart
Your love is all I need
My beautiful girl

Please tell me who you are
I wish upon a star
I hope my destiny takes me to your heart
I'll give you everything
Your love is all I need
My beautiful girl

Please tell me who you are
I wish upon a star
I hope my destiny takes me to your heart
I'll give you everything
Your love is all I need
My beautiful girl
