

No Doctors, Coyote

onward forward coyote
don't you know what to do
ive seen a lot of little doggies
never seen one quite as ugly as you
ive taken a look into your future
I can see into your past
And your first day on this world
Will be no different from your last

Onward forward coyote
Don't you know what to say
Ive seen a lot of little horses
Never seen one eat quite that much hay
I don't know what you think youre doin
Don't know what you think you've got
Don't who you think you are
But I know who youre not
