

# No Doctors, For You

Time travelin lover,  
Meet me on a plane,  
Need to bring no money,  
Sure could use some change,  
Prayin to the heavens,  
Prayin for some rain,  
Wash away our sorrow,  
Sun will rise again,

Hello sailin sunshine,  
Put me on your ship,  
Head is growin heavy and  
I think I need a trip,  
Wishin on a woman,  
Wishin she will strip,  
Take me to the ocean,  
Wanna skinny dip,

Fire breathin baby,  
Burn me to the floor,  
When I'm down to ashes,  
Dust me out the door,  
Smoke me like a peace pipe,  
If you wanna end a war,  
Either way a windstorm,  
Hear from me no more,

Dear daisy darlin,  
Plant me in your bed,  
Oughta do no sleepin,  
Won't you water me instead,  
Smilin at the roses,  
Smilin cause they're red,  
Another summer coming,  
Another winter dead.
